## Student Helper/Parent Commitment

- I, along with my parents, have carefully considered working in the children's ministry in the Student Helper program. I am committing to serve six months. At the end of this time, I will determine my further commitment.
- I, along with my parents, agree I will be present each week with the exception of illness or family vacations. If I cannot be present, I agree to contact the coordinator as soon as I know I will be unable to help, so that a substitute can be obtained.
- I will attend church service in addition to serving. I understand that if I am 16 years or younger that I must attend Youth, and if I am 17 or 18 that I must attend either a youth or adult service. I understand that my attendance will be monitored and if I do not meet this requirement I will be asked to step down.
